

## The Employment Industry's First & Only Online Pre-Roll Video Ad Service!

Each month, nearly 20 billion pre-roll video ads are served across the web. These short commercials appear on an ever-widening range of video destination sites including YouTube, About.com, news websites and thousands of others.

Pre-roll video advertising is the fastest growing ad segment in the world, so why not use it to promote your company's career opportunities? With AdDash, you can.

Using pre-roll ads, AdDash will allow you to more effectively market your careers to job candidates in locations on the web that recruiters have had no effective way to reach, until now.
